

Smart practice template

Circular Economy teaching practice presentation

One of the results of Circle VET is to elaborate at least 70 smart practice methods of teaching and training circular skills in Europe, based on a commonly developed and tested assessment tool. This assessment sheet will help educators and practitioners to identify and develop focus on circular economy principles.

General Information:

1. Name of the practice
 - o Organization and country
 - o Link to the practice (website, url, facebook etc.)
2. Learners group / Target group / Participants' group
 - o age
 - o general / specific branch
 - o students / VET teachers / employees ...
3. Context / Learning environment
 - o formal or non-formal education; vocational education institution
 - o VET-learning at work etc.
 - o Duration and group size
 - o Evaluation tools
